

3_Cardio-oncology

May 18, 2018 (Friday)

10:30-12:00

1

Cardio-Oncology, An Entangled Issue Between Cardiology and Oncology

Chair 1: TBA

Chair 2: TBA

- | | | |
|----|----------------|--------------------------------------------------------------------------------------------------------------------------------------------|
| 30 | Topic 1 | Cardio-Oncology: A New Frontier in Medicine
Javid Moslehi (USA) |
| 30 | Topic 2 | Cardio-Oncology: The Scope of the Problem
Marielle Scherrer-Crosbie (USA) |
| 30 | Topic 3 | A Multidisciplinary Team Building: An Experience from Chemotherapy Associated Peripheral Neuropathy Study in NCKUH in Taiwan
TBA |

13:30-15:00

2

Cardio-Oncology in Asia

Chair 1: TBA

Chair 2: TBA

- | | | |
|----|----------------|------------------------------------------------------|
| 20 | Topic 1 | Cardio-Oncology: Singapore Experiences
TBA |
| 20 | Topic 2 | Cardio-Oncology: Taiwan Experiences
TBA |
| 20 | Topic 3 | Cardio-Oncology: Japan Experiences
TBA |
| 20 | Topic 4 | Cardio-Oncology: Korea Experiences
TBA |
| 10 | | Panel Discussion |

15:30-17:00

3

Case Sharing: The Views from Cardiologists vs Oncologists

Chair 1: TBA

Chair 2: TBA

- | | | |
|----|----------------|---------------------------------------------------------------------------------------------------------------------------------------------|
| 20 | Topic 1 | Case Sharing - Myocardial Dysfunction
Cardiologist: TBA
Oncologist: TBA
Rebuttal (5 mins each) |
| 10 | | |
| 20 | Topic 2 | Case Sharing - Vascular Dysfunction
Cardiologist: TBA
Oncologist: TBA
Rebuttal (5 mins each) |
| 10 | | |
| 20 | Topic 3 | Case Sharing - Arrhythmia (or Valvular Heart Disease)
Cardiologist:TBA
Oncologist: TBA
Rebuttal (5 mins each) |
| 10 | | |

May 19, 2018 (Saturday)

08:30-10:00

4

Cancer and Cardiovascular Diseases

Chair 1: TBA

Chair 2: TBA

- 15 **Topic 1** Pathogenesis of Chemotherapy Related Cardiotoxicity
Javid Moslehi (USA)
- 15 **Topic 2** How to Manage Cancer Patients with Ischemic Heart Disease
TBA
- 15 **Topic 3** How to Manage Cancer Patients with Hypertension?
TBA
- 15 **Topic 4** How to Manage Cancer Patients with Heart Failure?
TBA
- 10 Panel Discussion

10:30-12:00

5

Clinical, Imaging and Lab Parameters to Predict Cardiac Toxicity

Chair 1: TBA

Chair 2: TBA

- 20 **Topic 1** How Can We Use Biomarkers and Clinical Baseline Characteristics to Predict Cardiac Toxicity?
TBA
- 20 **Topic 2** How Can We Use Sonography to Predict Cardiac Toxicity?
TBA
- 20 **Topic 3** How Can We Use CT/MR to Predict Cardiac Toxicity?
TBA
- 20 **Topic 4** How Can We Use Genetics to Predict Cardiac Toxicity?
TBA
- 10 Panel Discussion

13:30-15:00

6

Cardio-Oncology: Future Perspectives

Chair 1: TBA

Chair 2: TBA

- 20 **Topic 1** Unmet Needs in Cardio-Oncology
Marielle Scherrer-Crosbie (USA)
- 20 **Topic 2** Before, During and After Cancer Therapy - The Key Questions to Ask Our Patients
TBA
- 20 **Topic 3** Radiation Therapy: How to Mitigate Cardiotoxicity
TBA
- 20 **Topic 4** What Are the Cardiovascular Concerns in Immunotherapy?
TBA
- 10 Panel Discussion

15:30-17:00

7

Organ Specific Cancer Treatment induced Cardiac Toxicity

Chair 1: TBA

Chair 2: TBA

Time **Speaker 1** Breast Cancer
TBA

Time **Speaker 2** Hematological Malignancy
TBA

Time **Speaker 3** Lung Cancer
TBA

Time **Speaker 4** Colorectal Cancer
TBA

May 20, 2018 (Sunday)

08:30-10:00

8

Oral Session

Chair 1: TBA

Chair 2: TBA

Time **Speaker 1** Topic 1
TBA

Time **Speaker 2** Topic 2
TBA

Time **Speaker 3** Topic 3
TBA

Time **Speaker 4** Topic 4
TBA
